## WEBINARS IN MARCH

### **1. Measuring Health Insurance Literacy in Connecticut | [REGISTER](#)**

---

***Tuesday, March 6, 2018 1:00 - 2:00 pm***

---

This webinar will cover the state of health insurance literacy in Connecticut. Individuals experience administrative hassles, delays in care, denials of coverage, and receive unexpected medical bills all due in part to a lack of insurance literacy. Participants will learn what AHCT and other entities are doing to address this growing concern. The presenter on this webinar will be Dr. Victor Villagra, Associate Director of the University of Connecticut Health Disparities Institute.

## 2. Health Equity and Why It Matters | REGISTER

---

**Thursday, March 22, 2018 1:00 - 2:00 pm**

---

Part of Access Health CT's mission is to "reduce health disparities." To build a healthier Connecticut, we need to understand the factors that exacerbate health disparities. In this webinar we will discuss the "Social Determinants of Health" to build an understanding of how we can all work toward improving health outcomes in **every** community.

[Register for March 22nd Webinar](#)

*If you missed our webinar on **Understanding Your 1095-A Form**, you can find it and all of our past webinars on our [Community Partners page](#) under the Events, Training, and Speaking Requests tab.*

### REGIONAL PLANNING MEETINGS

Please join us at one of our upcoming **Regional Planning Meetings** as we review the last Open Enrollment period and plan Access Health CT's community outreach efforts throughout state. We want to hear from you, or you can just attend to learn more about our work. **Please RSVP by clicking on a link below.** Lunch will be provided. (We're also looking to schedule another Regional Planning Meeting for Danbury in April or May. Stay tuned for details.)
